

HOW TO WASH YOUR HANDS

It's time to wash your hands with zak!, to keep your hygiene right on track. Use soap and water, give them a good scrub, then rinse those germs, rub-a-dub-dub. 20 seconds will make them clean, #washwithzak and join our team.

1 Wet your hands

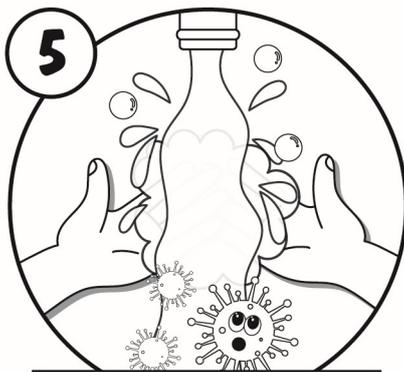

2 Add some soap

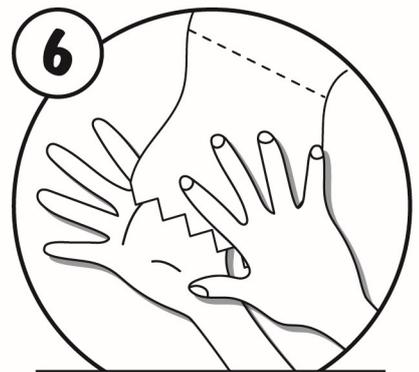

3 Make bubbles

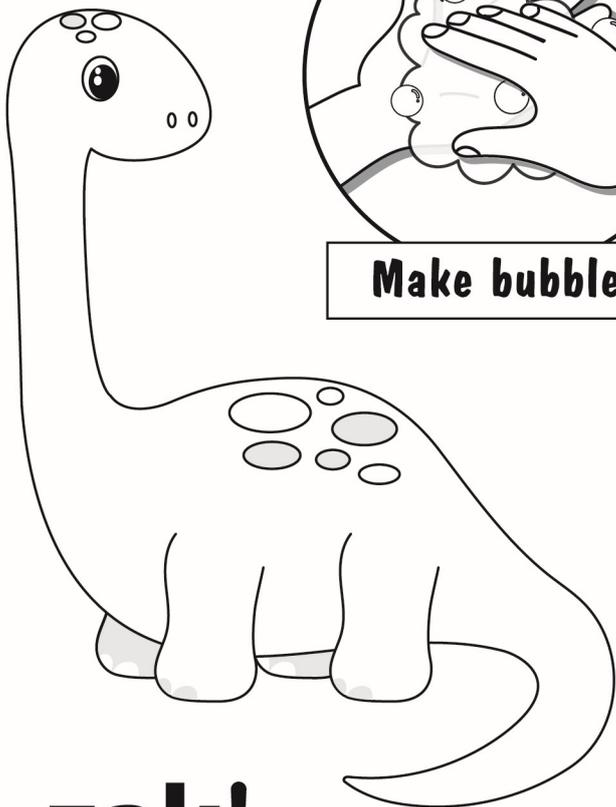

4 Scrub for 20 seconds

5 Rinse those germs away

6 Dry with a clean towel
